Rules And Regulations

- NO PRE-REGISTRATION AVAILABLE FOR THIS EVENT. BOTH PARTNERS MUST SIGN UP AT THE SAME TIME ON RACE WEEKEND. Sign up will take a little longer than normal, please make sure you give yourself enough time to get signed up.
- Everyone who completes at least one lap will get 5 bonus points toward year end class standings.
- How the race works:
 - This is a TWO-person team race (excluding the Iron Man classes). You will be required to switch after each lap.
 - You will be given a slap bracelet to exchange each lap.
 - There will be a Pit Row set up where you and your teammate will be allowed to set up a 10x10 tent/easy-up.
 - You can each use your own bike or share a bike.
 - For "Skill Level" Classes: You must race in the higher ranking class out of you and your partner. Example: If a PeeWee and a Beginner PeeWee team up then they will race in the PeeWee Class. Or if a Beginner and a Novice team up then must race the Novice class.
 - For "Age Based" Classes: You must both meet the minimum age in order to race the class. For example to race the 50+ class both partners must be at least 50 years old. If one person is 50 and one is 49 you can race one of the other age classes or any other appropriate class.
